1. Decipher the Citation

Tip: The conference proceeding information you have may be incomplete or incorrect. Check for acronyms, abbreviations, and correct spellings.

2. Search Google Scholar

Tip: Google Scholar can also be helpful when deciphering the citation.

3. Search Library catalogue

4. Search subject specific databases

5. Request through Interlibrary Loan

Tip: Use the Blank Request form to input the information you have.

I found it!

I still can’t find it...

Check that this conference was actually published. Was the proceeding published as an article?

If you still need help locating it, contact your Subject Librarian.
